Dear Mr. Crispin,

Let me start by expressing my sincerest appreciation for ERE Foundation's recent gift of \$10,000.00. It will be put to use toward helping displaced people in Darfur, Sudan, specifically to support activities related to children's education. Thank you for choosing to make a difference.

Your support is crucial! As part of the ARC family, you are extending hope and opportunity to nearly two million people who have lost everything to disaster or conflict.

Together, we are providing sustainable services to the world's most vulnerable people. Your generosity and compassion made it possible to provide many services, including:

- *Dig new wells and refit old ones to get clean water to entire communities in Rwanda, Sri Lanka and other countries*
- *Give winter shelters to thousands of families left homeless by the Pakistan earthquake*
- *Rebuild health clinics and provide emergency care to rural communities victimized by the crisis in Darfur*
- *Return tens of thousands of refugees to Liberia and rebuild their homes, schools, and communities*

Your support has brought about lasting and widespread change for refugees so far, and your commitment will help us do the same in the future. There are 33 million refugees around the world – many of them are not getting the help they need. Together, we can ensure their needs will not be forgotten.

Your caring and concern make it possible for traumatized survivors of conflict and disaster to rebuild productive lives of dignity and purpose. On behalf of the many people we serve, I thank you for your gift.

Most sincerely,

Hugh Q. Parmer  
President
